

cardconnect

We have partnered with CardConnect to provide custom, cost effective payment solutions for members that are already accepting or looking to accept credit cards.

Members can expect:

Better Pricing

CardConnect's rates are optimized so you'll receive the lowest rate possible for every transaction

Security You Can Count On

CardConnect's patented tokenization and PCI-certified point-to-point encryption creates peace of mind when accepting all card types

Omni-Channel Acceptance

Accept payments via a virtual terminal, countertop terminal, point-of-sale system, mobile app/device and eCommerce plugins

Faster Funding

Funds are automatically deposited into your bank account the next business day, so you no longer have to wait for checks to clear.

PCI Compliance

There's no need to complete cumbersome questionnaires to remain compliant - CardConnect's interchange optimization reduces your PCI scope

Real-Time Reporting

Get a high level overview of your payments in real-time, or drill into each transaction to perform refunds, voids or resend and reprint receipts

In-House Support

Dedicated 24/7 support (no matter the day or holiday) is a guarantee

Easy Agreement

We don't believe in contracts, so you'll never have to sign one
